## SANTA VISITED ZTL ON DECEMBER 8TH!

### HE'S BACK!

Santa made his annual visit—and for the fourth year Taylor White captured some very special moments with the ZTL family. It was estimated over 1,000 photos were taken. Prints were put in driver mailboxes last week. Once again, former ZTL driver George Whiteman subbed for Santa during his very busy holiday season. Thanks to everyone who volunteered and made this event such a success!

## NEW EFS CARDS ARE HERE!

New fuel cards were distributed in late November. "We have upgraded the card reader at our fuel pump to keep up with the latest standards," explained

 "The old EFS cards will expire on December 31st." There is only a handful of drivers who have not turned in their old cards. Do it now, the old ones won't work after the New Year!
